

## The Liver as Aid To Blood Purity

The Natural Stimulus Required is Not the Purgative Kind.

Most Pills Are Better if Thrown Away.

Important as it is to keep the bowels open, it does not necessarily mean that the liver has been stimulated. The action of R.S.S. is a natural liver tonic, but not a bowel mover. It is in the liver cells in the natural and necessary function of converting from the blood certain constituents into what are known as assimilable products. These are rendered available for the body tissues to assimilate provide new and healthy material for that which is being destroyed by the energy of tissue change.

The presence of any blood trouble naturally suggests a sluggish liver, but there is required those medicinal properties which, upon reaching the liver, still retain their stimulating quality even through the blood circulation to do battle with impurities wherever they may have settled.

Rheumatism, neuritis, anæmia, most skin diseases and other remedial influences, while improving the liver in their medicinal influences, are quickly checked by R.S.S. Its action throughout the blood circulation results in the stimulation of the tissue cells to a condition of active, vigorous digestion of their own essential nutrient.

You can get R.S.S. in any drug store, but don't open having it. That means one's permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist, address The Swift Medicine Company, 320 Swift Ridge, Atlanta, Ga.

## LIQUOR ORDINANCES LAID Aside BY OLD COUNCIL

New Body Left Free to Settle the Question According to its Own Ideas on Subject

Three liquor license ordinances, which the council had carried to their third reading, were tabled by the aldermen last night. John Lee Clarke and J. A. Skinner opposed the action, but the other aldermen felt that the new council should not be saddled with last-minute legislation on a question it might wish to take up itself.

During the discussion Councilman Thomas Fisherwood condemned the "family" license ordinance as favoring too much of class legislation.

With Councilmen Clarke and Skinner voting "nay" the ordinances were tabled.

E. A. Mosman was retained to audit the books of city clerk and city treasurer. Mayor Sellers notified heads of the departments to prepare annual reports for the final meeting of the present council, which will be held next Tuesday night.

The mayor called council's attention to the fact that there is a so-called boarding house which is said to have eleven tubercular patients in it. City Attorney John C. Lewis said the ordinance against establishing sanitarians within the city limits would apply to the case, and the mayor instructed Health Officer Thomas Morton to notify the proprietors of the establishment of the law.

The representative of a carnival company now appearing at Socorro was informed that he might bring his carnival here for \$10 a day for the shows and \$25 a day for the merrymaking-round. The carnival is said to consist of a Spanish theater, an American vaudeville show, Ferris wheel, merry-go-round and concessions.

It was voted to offer \$2000 for the land required to extend North Fifth street and River avenue. Real estate dealers placed the value of the property, in statements to the council at a recent meeting, at \$2,000.

The contract for curbing Copper avenue in the Robinson park section was let to Rafael Garcia. He bid \$1 cents a linear foot.

Chief McMillin reported that the police made 175 arrests during March. Fines amounting to \$805 were collected.

During the month there were ten fires, the net loss, after insurance was paid, being \$125. City Engineer Gladning issued building permits covering improvements costing \$25,000.

## TWO WEEKS MAY BE TOO SHORT FOR CLEAN-UP PERIOD

"When a self-respecting family moves out of a house," said Mayor or Sellers this morning, "they make a point of leaving everything as spick and span and spotless as possible for the succeeding tenants. That's what I'd like to see done by our majority. I'd like to turn over a tidy, speckless city to Mr. Haubright and his official family, and I ask the citizens generally, renters as well as property owners, to help me do that by joining earnestly in the annual clean-up of yards, alleys and streets."

It is expected the army will leave at 11:30 tonight for Omaha over the Rock Island.

pounds of bologna sausage. Later in the morning J. M. Hemis, a retired Boston capitalist, who is living here, gave the police a check for \$25 to defray the expense of feeding the men again this afternoon.

Achievement Club Organized.

Chicago, April 10.—The American Association of Achievement, to recognize and encourage achievement of every kind among public school students of the United States was organized here today. Cook county, Illinois, where the movement originated, will supply gold buttons and

badges of achievement. Physical, mental, social, material and moral achievement will be considered.

Among the vice presidents of the association are Judge Ben B. Lindsey, Denver, and E. A. Winslow, Boston.

### Asphyxiated in Moving Van.

New York, April 10.—Three small boys crawled into a moving van in a vacant lot in Harlem last night, strapped up the cracks to keep out the cold, then squatted around a fire they kindled in a bucket.

Frank Kiernan, 18, one of the little boys, suffocated for three hours and was found dead this morning. His son, Frank, unconscious. John Kiernan, fifteen years old, was dead and the third boy was apparently dying. Gas from the kerosene fire had asphyxiated them.

### Sand Sucker Get Him.

Newark, N. J., April 10.—Captain John Hansen, master of a stone barge was knocked into the van yesterday and drawn into a government sand sucking dredge half a mile away. His dismembered body was carried through a 14-inch pipe two thousand feet long into the Newark moat. The barge, Miss Manhattan, was towed from Newark to New York by a tug. In passing through the draw of a railroad bridge

the barge twisted into a stone pier and threw Captain Hansen overboard.

### Will Try Education First.

Dallas, Texas, April 10.—Texas suffragists will not seek a place on the Democratic ticket in the July primaries for the woman suffrage question, according to a decision reached yesterday by the equal suffrage association of Texas in convention here.

It was decided that a campaign of education was needed before urging submission of a state constitutional amendment to give women of this state

## MALOY'S

# IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Most forms of uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys of your back hurts or the urine is cloudy, acrid, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacist, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lime, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## Sturgis

### Collapsible Go-Carts Are the best

Our Sturgis Go-Carts are not only built for strength, but are built for comfort.

There is nothing more injurious to a child than to wheel him about in a cart that is stiff, rigid spring, or no springs at all.

The luxury springs found under our Sturgis Go-Carts overcome all discomfort. It affords the child all the possible benefits that can be derived by an outing in a Go-Cart.

The Sturgis Go-Cart Hood Covering is of a new and better material. It is not the old style cloth, coated over with paint which cracks and breaks off, but is a Superior and Melba Coating, which will wear better and not look old after the hood has been opened and closed a few times.
